Transportation Workforce

## 2021 Fall Webinar Series: Empowering the New Mobility Workforce

The National Network for the Transportation Workforce Presents:

### Improving the Road Safety Workforce The Road Safety Champion Program

Safety is everyone's job, but it can be difficult to find structured training curricula that meet the diverse needs of transportation agency staff with varied responsibilities for the design, construction, maintenance, and operation of safe local roadways. Whether you are a training provider or a transportation organization manager or practitioner, this webinar is for you. Webinar speakers will share information about the [Road Safety Champion Program](#) (RSCP), a training curriculum and nationally recognized certificate program that can be implemented by employers and training providers to incentivize safety competency attainment.

Webinar participants will learn about training content, how to access pre-packaged training materials that can be offered in-person or remotely, and about the Virginia Local Technical Assistance Program's pilot of the first local RSCP roll out in Virginia.

**Date & Time:** Wednesday, December 15th, 2021, 1-2pm ET

**Panelists:** Susan Gallagher, Director, West Region Transportation Workforce Center  
Jaime Sullivan, Director, National Center for Rural Road Safety  
Beth O'Donnell, Director, UVA Transportation Training Academy
